

NEW THINKING.  
NEW POSSIBILITIES.

THE NEW HYUNDAI *i20*

**5** YEAR  
TRIPLE  
CARE™  
Unlimited Mileage Commitment

One Car.

Multiple Senses.

# Built to inspire all of your senses.

Introducing the new generation Hyundai i20. The perfect car elevates your senses each time you step inside. This is the goal we set for the new i20. Crisp body lines flow from the signature Hyundai grille to strike the eye from every angle. Higher quality fabrics and trim create a delicious sense of touch. Enhanced road stability provides a generously quiet ride. All with the good sense of efficient engines that include the lowest CO<sub>2</sub> rating in its class.

# Styled to create a design sensation.

**Welcome to the next evolution.** Inside and out, the new i20 takes our Hyundai design language to new level of beauty and purpose. Every angle is sculpted to provide a bold stance, while adding to stability and control. Sharp lines sweep across the profile to play with light and shadow, leading to a newly designed rear with combination lamps for improved safety. The result is a Hyundai that looks as strong as it performs in every sense.

## Comfort and control at the centre.

The i20 offers a wealth of features beyond its class. At its heart is an elegant centre console. Finished in black gloss trim with soft blue lighting, the console places all climate and stereo controls in a highly intuitive layout. For the driver, an information centre provides vehicle and trip data at a glance, while options such as a 6-speaker stereo and cruise control with speed limiter offer a more comfortable driving environment.

**Auxiliary ports and seat warmers.** The i20 offers an optional USB/iPod port, plus an auxiliary port to connect or charge other devices. You can also select optional seat warmers to ensure cold weather comfort for the driver and front passenger.

**Steering wheel remote controls.** Mounted on the steering wheel for extra safety and ease, the remote audio controls let you adjust the audio volume, mute or change music sources without glancing away from the road. From the steering wheel you can also set your cruise control and speed limiter and even make phone calls via Bluetooth®.

## A clear view of objects behind you.

The more you can see, the faster you can react. That's why the i20 is one of the only cars in its class to offer the advantage of an optional rear view camera, integrated into the Electro Chromatic Mirror for maximum ease.

**Hidden camera.** Located under the Hyundai badge, the rear view camera provides a full wide angle image, which can be combined with rear parking sensors for complete safety while reversing.

**Rear view image.** Select reverse gear, and a colour picture instantly appears in the Electro Chromatic Mirror, with a graphic overlay to make parking easier.

# Extra safety from every side.

Mirrors can do far more than reflect. The i20 offers the option of greater protection with a choice of rear view and side mirrors, each elevating safety and convenience.

**Integrated turn indicators.** Curved around the mirror housing for stylish flair, the side indicators provide greater visibility and reaction time for approaching drivers.

**Auto folding mirrors.** Keep your i20 safe on narrow urban streets with foldable side mirrors that automatically fold in at the push of a button.

**Electro Chromatic Mirror.** This optional mirror automatically adjusts to incoming light levels, so glare from the sun and night traffic is sharply reduced.

**Electric side mirror adjustment with folding.** Ensure a perfect view at the touch of a button with electric adjustment of both side mirrors. Includes an automatic folding feature.

# Comfort beyond comparison.

Inside the i20, a greater feeling of space is just the start. Supple seats, a wide selection of interior colours and a choice of fabrics or cloth and leather combination make every drive a pleasure, while a range of features add greater versatility and safety.

**Spacious cargo room.** The i20 provides an incredible 1,060 litres of cargo space with the seats folded down. For a wider range of cargo options and easier access, 60:40 split rear seats are standard.

**Glove box.** Bright illumination makes it easy to retrieve items at night, while a special refrigeration feature keeps your cold drinks chilled.

**Maximum versatility.** Even with the rear seats up, the i20 provides 295 litres of cargo space, enough to keep plenty of luggage safe under the tonneau cover.

# Technology made brilliant.

It's time to raise your expectations. The i20 goes beyond its class by providing technology to guide your senses. From rain and light sensors to cruise control and a Smart Key, you get far more than you expect. While for the driver, a central digital screen on the instrument panel delivers greater clarity and control.

**Dashboard illumination.** The i20 offers consistent blue lighting across the dashboard and information centre, so all controls and displays provide a harmonious feel.

**Supervision cluster.** A central screen displays all essential vehicle information, making it easy to monitor vital engine functions, current fuel level, cruise control and speed limiter settings at a glance.

**Analog instrument panel.** i20 owners who prefer a classic layout can select rounded gauges for fuel and temperature, with a smaller display screen for vehicle information.

**Smart Key.** With the Smart Key in your pocket, the i20 senses when you're close, and lets you unlock the car simply by pressing a button on the chrome door handle.

**Button Start.** In combination with Smart Key, a press of a button lets you start the engine without having to turn a conventional key.

**Rain and light sensors.** Let the i20 sense the environment for you with rain sensors that monitor windscreen moisture to set the ideal wiper speed, and a light sensor that turns the headlamps on or off as lighting conditions change.

## A first impression that lasts.

**Style with plenty of substance.** Every aspect of the i20 combines bold design with greater purpose and logic. A focus on aerodynamics, brighter visibility, improved safety and stability has resulted in a perfect match of form and function.

**Front grille.** The i20 features a new grille born from our Hyundai design DNA. A single black bar contours under the Hyundai logo before seamlessly flowing into the side body lines.

**Front lighting package.** Improve style as well as safety with the curved shape of optional LED daytime running lamps, plus high power fog lamps that maximise road illumination in adverse weather.

**Electric sunroof.** Enjoy the thrill of open-air driving with an optional electric sunroof that glides back at the press of a button.

**15" and 16" alloy wheels.** Finished in the highest quality, our optional 15" alloy wheels add an athletic look to your i20, while our optional 16" alloys deliver impressive style while increasing road grip.

**Rear combination lamps.** Central to the new rear design are lamps that provide a distinctive, stylish shape at night.

# Inspired performance and efficiency.

The i20 leads its class in lowering emissions. A highly advanced 3-cylinder diesel offers generous power, yet produces CO<sub>2</sub> emissions of only 84g/km, the lowest of any conventional car in its class. Efficient petrol options are also available, including a strong 1.4 litre petrol engine capable of 100 PS.

## Petrol range

---

The i20 offers two new petrol engines, each matched to an ideal transmission choice. For optimal fuel economy, a 1.25 litre engine with 85 PS is available with a smooth 5-speed manual. Leading the range is a 1.4 litre engine that delivers 100 PS, and is available with a standard 6-speed manual or optional 4-speed automatic. Both engines offer the option of our Blue Drive low CO<sub>2</sub> package.

## Diesel range

---

Lower emissions and greater fuel savings are the focus of the i20 diesel range. A new 3-cylinder 1.1 litre diesel with 75 PS and with Blue Drive technology, has CO<sub>2</sub> emissions of only 84g/km, the lowest of any conventionally powered car in its class. Or for extra torque and power, you can select a 1.4 litre diesel, delivering 90 PS while also available with Blue Drive technology for lower CO<sub>2</sub>. Both engines are also matched to a 6-speed manual.

# The future is certain.

Your Hyundai is built to the highest quality standards. To ensure your complete satisfaction, every i20 now includes our highest level of warranty production as standard: 5-Year Triple Care Service that reflects our commitment to long term quality assurance and customer care.

## 5-Year Unlimited Warranty

Your 5-year unlimited mileage\* warranty provides bumper to bumper coverage, including powertrain, plus a 12-year anti-perforation warranty. Your warranty is valid in 26 countries across Europe, excluding Russia, Croatia and Ukraine.

## 5-Year Roadside Assistance

Should you experience a breakdown, in your home country or while driving abroad, one call to our free hotline number will send help to you straight away. If necessary, towing to the nearest Hyundai dealer is also included. Free roadside assistance is valid for five years, coinciding with your 5-year warranty period.

## 5-Year Vehicle Health Check

In addition to your annual main service maintenance, your Hyundai dealer will perform a check on key elements of your i20, including engine, transmission, steering, suspension and brake systems, during your 5-year warranty period. If you prefer, you can replace the 5-Year Vehicle Health Check with any other service programme.

\*Vehicles used for taxi or rental car purposes are covered by a 3-year, 100,000 km warranty.

## Facts & Figures

TYPE	Petrol			Diesel	
	Kappa 1.25 DOCH	Gamma 1.4 DOCH		U2 - 1.1 DOCH	U2 - 1.4 DOCH
Litre					
Transmission	5MT	6MT	4AT	6MT	6MT
<b>ENGINE</b>					
Displacement (cc)	1,248	1,396		1,120	1,396
Max. Power (kW/rpm)	62.5 (85 PS) / 6,000	73.6 (100 PS) / 5,500		55 (75 PS) / 4,000	66 (90 PS) / 4,000
Max. Torque (Nm/rpm)	120.7 / 4,000	137.3 / 4,200		180 / 1,750~2,500	220 / 1,500~2,750
<b>SUSPENSION</b>					
Front	Fully independent subframe-mounted MacPherson struts, with coil springs and gas-filled shock absorbers				
Rear	Coupled torsion beam axle with gas shock absorber				
<b>SAFETY</b>					
Safety "Standard"	ABS, ESC + Vehicle Stability Management, Front Airbags, Side Airbags, Curtain Airbags

## NEW THINKING. NEW POSSIBILITIES.

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it has become an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward, and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.
